

Solar Portable Light Bar

Features:

- * Optimal design for solar powered input and LED illuminating output
- * Easy to hand carry / with bag
- * Maximize solar power efficiency
- * Green energy concept design
- * Super bright LED homogenous lighting distribution
- * Long life duration maintenance free
- * Strong housing weather proof design

Applications

- * Night market
- * Picnic camping
- * Home using
- * Emergency lighting
- * Military use of lighting
- * Night fishing

Product Spec.

ITEM	Specification	
Solar panel	Type	Mono / Multi Crystalline Silicon
	Voltage	9V
	Wattage	18W / 20W
Battery	Type	Lead Acid
	Voltage / Current	6V / 14AH
LED	LED / color	White / Yellow
	Numbers of LED	120pcs
	Inside circle	20000mcd
	Outside circle	12500mcd
	Operation time	At night
Luminant	440 lumen / 6.2 lux	
Size	620mm x 195mm x 50mm 8 kg	
Body	Powder coating
